FOR IMMEDIATE RELEASE

## **BOULDER MOTOR SPORTS TO RACE IN 2009 FIM SUPERBIKE WORLD CHAMPIONSHIP**

For the historic return of World Superbike to the United States, Boulder Motor Sports Racing announces that it has informed FG Sport of its intention to take part in the 2009 FIM Superbike World Championship. The team is looking forward to participating in a very competitive season in the world arena.

In the Championship, Boulder Motor Sports will be racing on the race-proven Ducati 1098RS superbike. Boulder Motor Sports has been working closely with Ducati Corse to prepare for racing in the 2009 FIM Superbike World Championship in which it will enter two riders. In anticipation of the arrival of their bikes, the team will be opening their Italian-based racing shop within the next few months.

Boulder Motor Sports will be at Miller Motorsports Park May 29 through June 1 for the FIM Superbike World Championship to answer any questions and to begin preparations for the upcoming 2009 season.

For more information, you may visit the Boulder Motor Sports hospitality at Miller Motorsports Park or contact Brian Sharp, General Manager, at +1.303.495.3416 or [bsharp@bouldermotorsports.com](mailto:bsharp@bouldermotorsports.com).
